

Tapestry for Parents

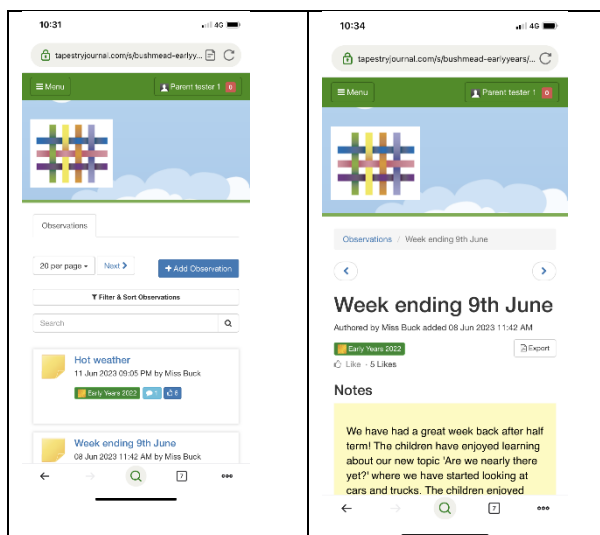

Tapestry is a tool for EYFS and parents to work in partnership to record your child's learning journey. We record 'wow moments', evidence of your child's progress and key learning on tapestry. We ask that you also upload this for us to gain a better understanding of your child.

Setting up your account

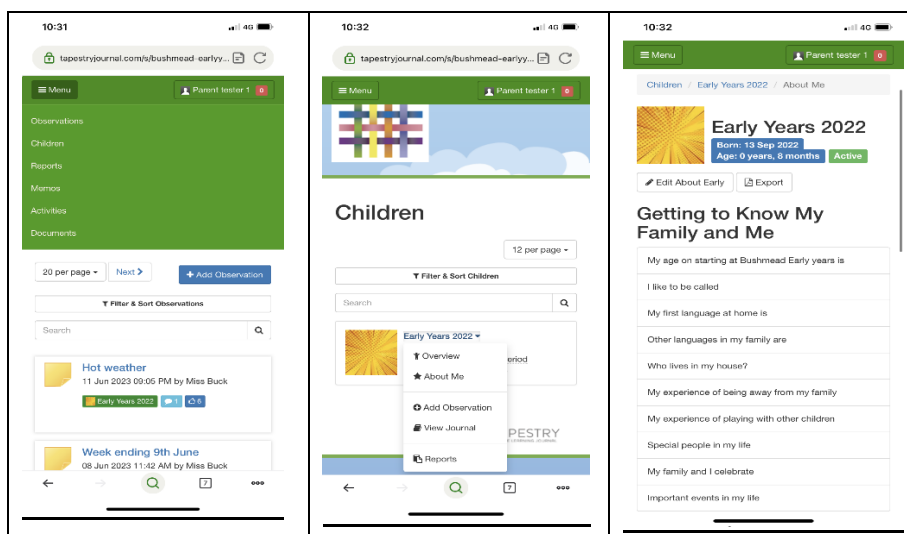

You will receive an email to set up your account, create a password and pin number. You can then download the app to login or on your web browser. If you already have an account, please skip this.

Viewing observations

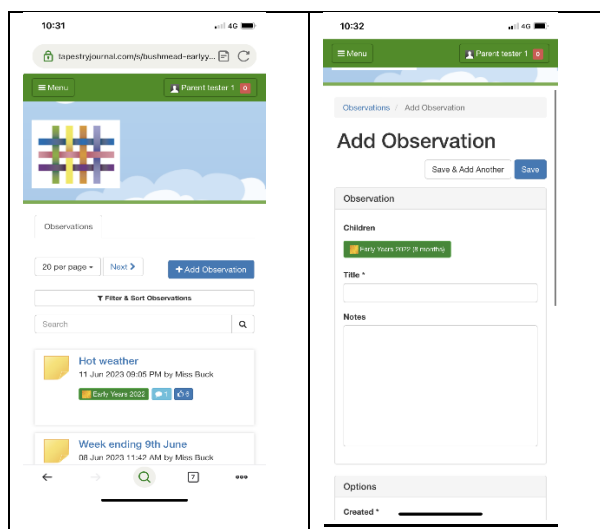

Your home screen will display your child's learning journal. You will receive a notification if a new observation has been added by a member of EYFS. Click on the blue writing to view the observation. Please click 'like' so we know you have seen the observation. Some photographs may have other children in. If so, please keep these photos for personal viewing only and not on social media.

Adding 'all about me' info.

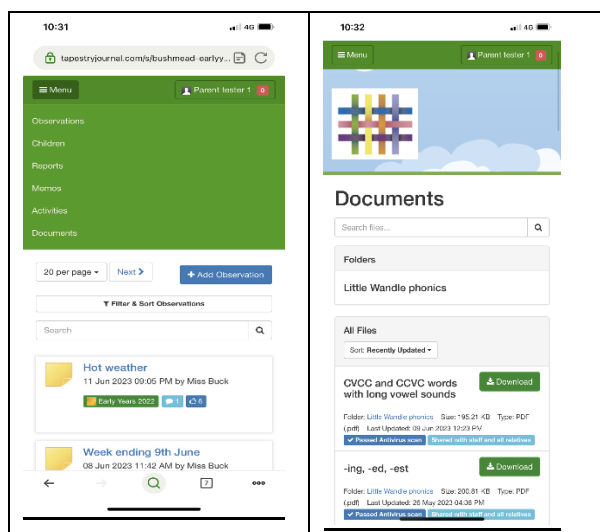

Click on menu, then children. Click on your child's name then 'about me'. Here you will be able to fill in key information about your child.

Adding an observation

You may wish to share a 'wow moment' or evidence of your child's learning with us. To do this, click 'add observation'. Fill in the observation form with a title, notes or a photograph then save. One of the EYFS teachers will review and add to your child's learning journal. This section is for observations only- any questions or messages must go through the office email please.

Viewing a document

EYFS teachers will upload useful documents to this section. You will receive an email notification when a new document has been added. Here, you will receive a weekly summary of all learning in EYFS, any key messages and optional home learning activities. These can also be found on our Bushmead website.

Please come and speak to one of the EYFS team if you need help any with tapestry.
