Dear Parents

## Changes to School Uniform Provision

We have been advised by our current supplier of school uniform that they will no longer be providing an online shop.

We have investigated alternative suppliers and have decided that the costs to parents and to the school, to continue providing items with the school logo would be too expensive. We have therefore made the decision that items with the Bushmead logo will no longer be an option to purchase as part of the school uniform. The school uniform code remains the same with children wearing bottle green sweatshirts, cardigans or jumpers and white or bottle green polo shirts.

We have also decided, after feedback from parents, that the green polo shirts worn currently just by Year 6 pupils, can be worn by all pupils.

Bottle green jumpers, cardigans, sweatshirts, polo shirts and white polo shirts can be purchased in local supermarkets. I have visited Tesco's and spoken to the manager there to see if they are able to provide bottle green items in the local store.

Sainsburys provide bottle green items which can be ordered online to be collected at the Argos store in St Neots. Marks and Spencer's provide the same option with free delivery to the local Mark and Spencer's store. Asda also sell bottle green items.

Obviously, items with the Bushmead logo can still be worn, and we will also be receiving some stock back from the company, which we will be selling at reduced prices. As soon as we have received the stock, we will arrange a date for the sale.

Yours sincerely
